

Optical fiber loss test kit

KLT-12E/KLT-15D

Bring you a different new experience

Selling points show

High capacity

Waterproof and
Moisture-proof

Strong bearing
capacity

Easy to carry

Quality assurance

Anti-collision

Tailor-made solutions for you

Product Features

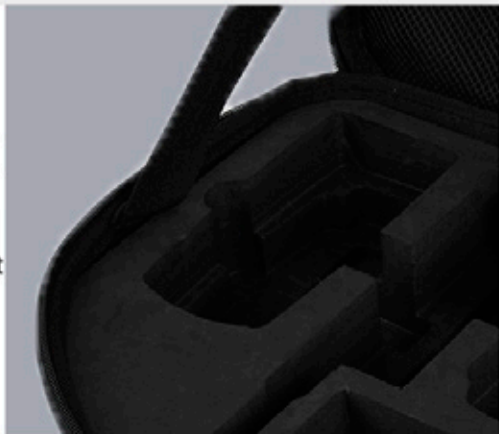

Plastic handle

Inlaid plastic handles to ease the force of opponents with heavy loads

Three-dimensional layout

Three-dimensional spatial layout, easy and convenient to use

Tailor-made solutions for you

Products list

KPM-11M

Mini Fiber Power Meter

Small and practical, easy to operate and more convenient to carry

Wavelengths Range	800-1700 (nm)
Power measurement range	-70~+10dBm/-50~+26dBm
Standard wavelengths	850,980,1300,1310,1490,1550,1625(nm)
Working hours	20 hours
Size/Weight	127*36.5*28mm/61g
Automatic shutdown time	15min
Battery	AAA 1.5V battery × 2

KFL-11M

Mini fiber visual fault locator

The clip-back design looks exquisite and easy to carry

Power range	10mw
Testing Range	8-10km
Working Hours	10h
Wavelength Range	650nm
Modulation frequency	127*36.5*28mm/61g
Modulation frequency	CW/2Hz
Battery	AAA 1.5V battery × 2

KLS-25M

Laser optical light source

Long standby time ,strong penetrating power

Wavelength	1310+1550nm
Output Power	-5dB
Optical connector	SC+2.5mm universal connector (1.225mLC optional)
Power supply	AAA 1.5V batter
Modulation frequency	CW, 270Hz,1KHz,2KHz
Size/Weight	130*65*35 (mm)/180g
Output stability	$\pm 0.05\text{dB}/15\text{min}$; $\pm 0.1\text{dB}/8\text{h}$

FOCP

ptical fiber lint-free cleaning paper

Soft texture for wet and dry

Scope of application	FC/SC/LC/ST/Bare metal machine cleaning
size	76*76*76mm/180 sheets
Material	Dust-free and lint-free wipes

KFM-200

Fiber Connector Microscope

Handheld detection, one-handed peration
small size,easy to carry

Magnification	200 times
Liaht source	White LED
Size	225*60*42(mm)
Adapter interface	1.25 mm & 2.5mm universal
Interface type	SC/LC/FC/ST

KCC-600

Cassette optical fiber cleaner

High density and cleaner, convenient indoor

Scope of application	FC/ST/SC/LC/MU/D4/E2000 and other fiber optic connectors
Size	115mm*55mm*28mm
Material	Special microfiber+high-grade plastic
Cleaning ability	More than 500 times

KOC-125/250

Fiber one click cleaner

Quick cleaning, operation is simple, automatic

Material	Anti-static resin
Cleaning ability	Effective cleaning up to 99%
Size	175*18*18 (mm)
Cleaning times	more than 800 times
Scope of application	KOC-125: LC/MU (UPC/APC), 1.25mm fiber connector, male and female KOC-250: SC/ST/FC/E200 (UPC/APC) 2.5mm fiber connector, male and female

Tailor-made solutions for you

Standard package

Item Name	KLT-12E	KLT-15D
Optical power meter	1	1
Optical light	1	1
Visual fault locator	1	1
Fiber optic cleaning platform	1	1
Alcohol bottle (big)	1	1
Alcohol bottle (small)	1	1
Jumper cable 1m	3	3
Coupler (plastic)	3	3
Shoulder strap	1	1
Lined with EVA	1	1
High-end carrying bag	1	1
Product Folding	3	3
Microscope	/	1
One-click cleaer	/	2
Cassette Cleaner	/	1

Tailor-made solutions for you
