

Armored Cable Slitter

Precision pulley | Stable & labor-saving | Rotate 90 degrees

ACS-1

Cable Diameter 8-28.6mm

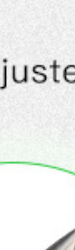

ACS-2

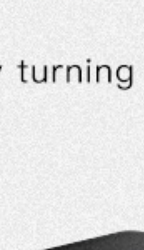

Cable Diameter 4-10mm

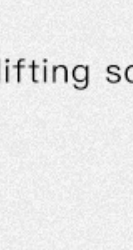

Six functions

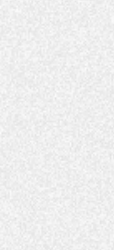

Horizontal and vertical stripping

Titanium blade

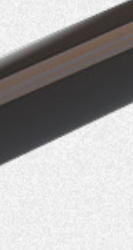

Exquisite casting

Adjustable blade depth

Precision pulley

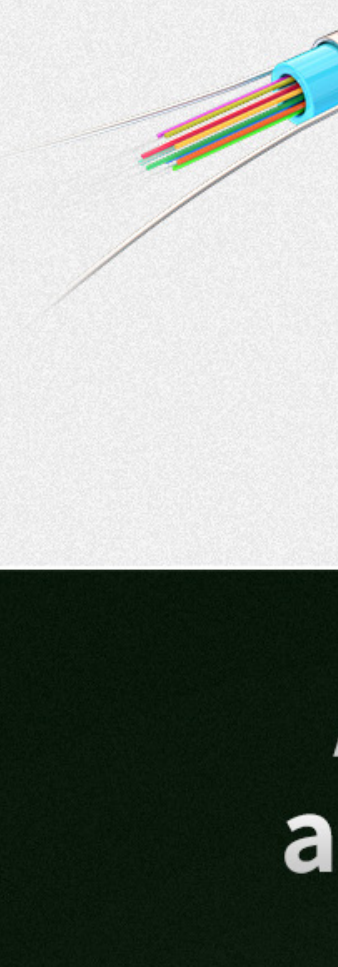

High quality aluminum alloy

Titanium alloy blade easy cutting

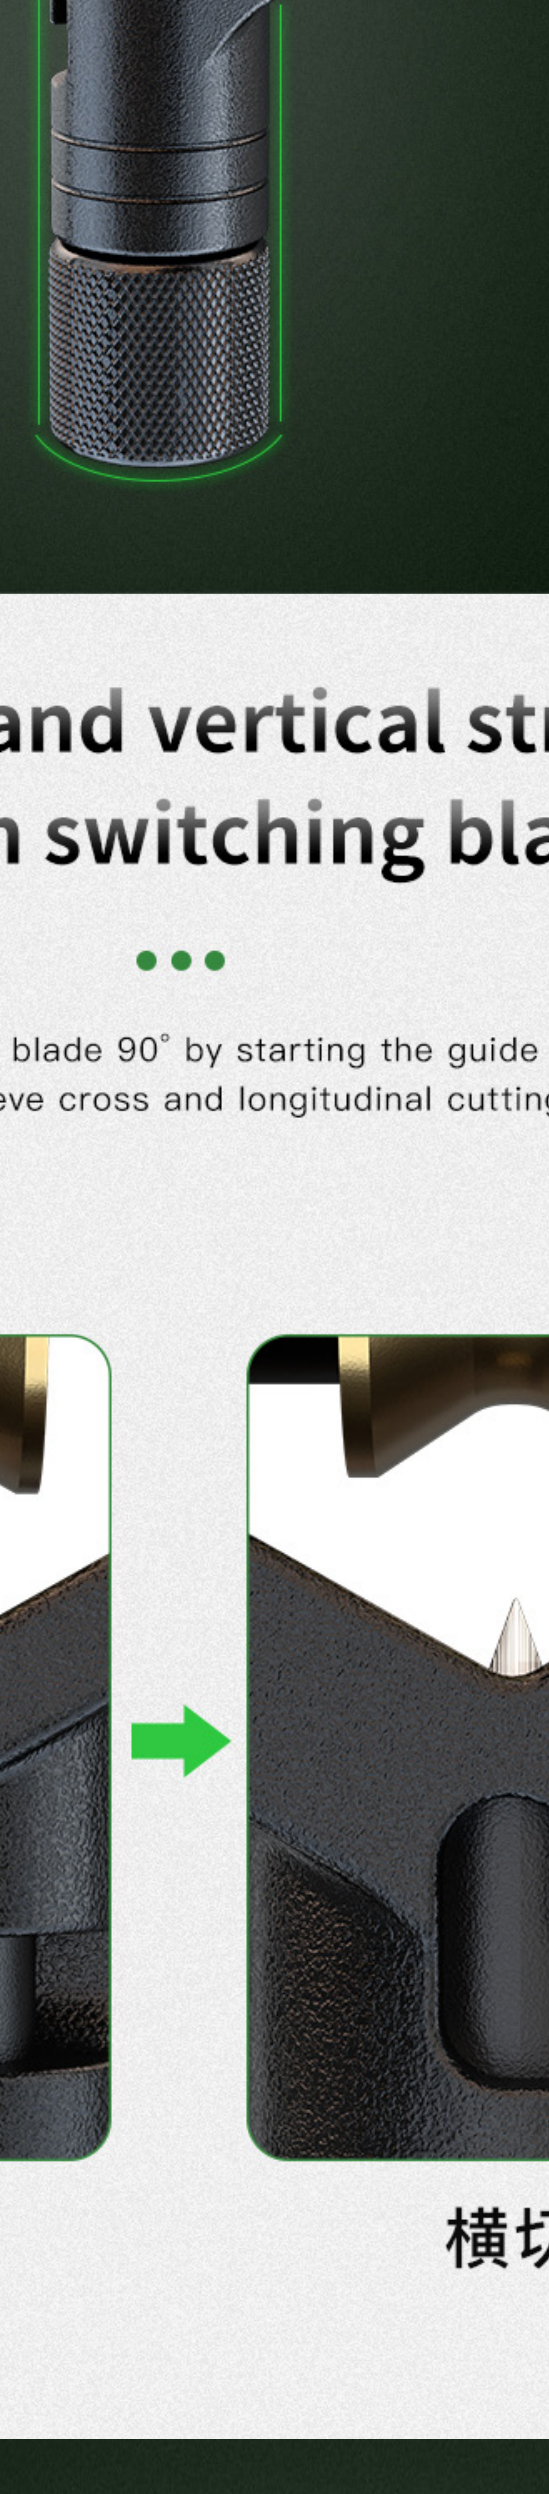

Adjusted blade depth by turning the bottom lifting scale

Aluminum alloy casting

Made of high-quality aluminum alloy, high strength, anti-corrosion

Horizontal and vertical stripping rotation switching blade

Rotate the blade 90° by starting the guide rod to achieve cross and longitudinal cutting

纵切

横切

Details

01

Blade adjustable screw

Adjust the blade depth to avoid damage to the optical fiber

02

Blade fixing screw

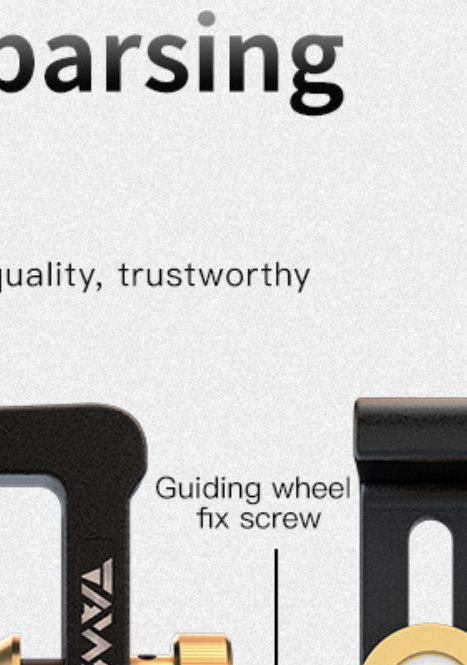

To adjust the blade height, you need to loosen the screws first

03

Knob nut

Blade rotated 90° by loosening the nut & adjusting the bar

04

Guide wheel

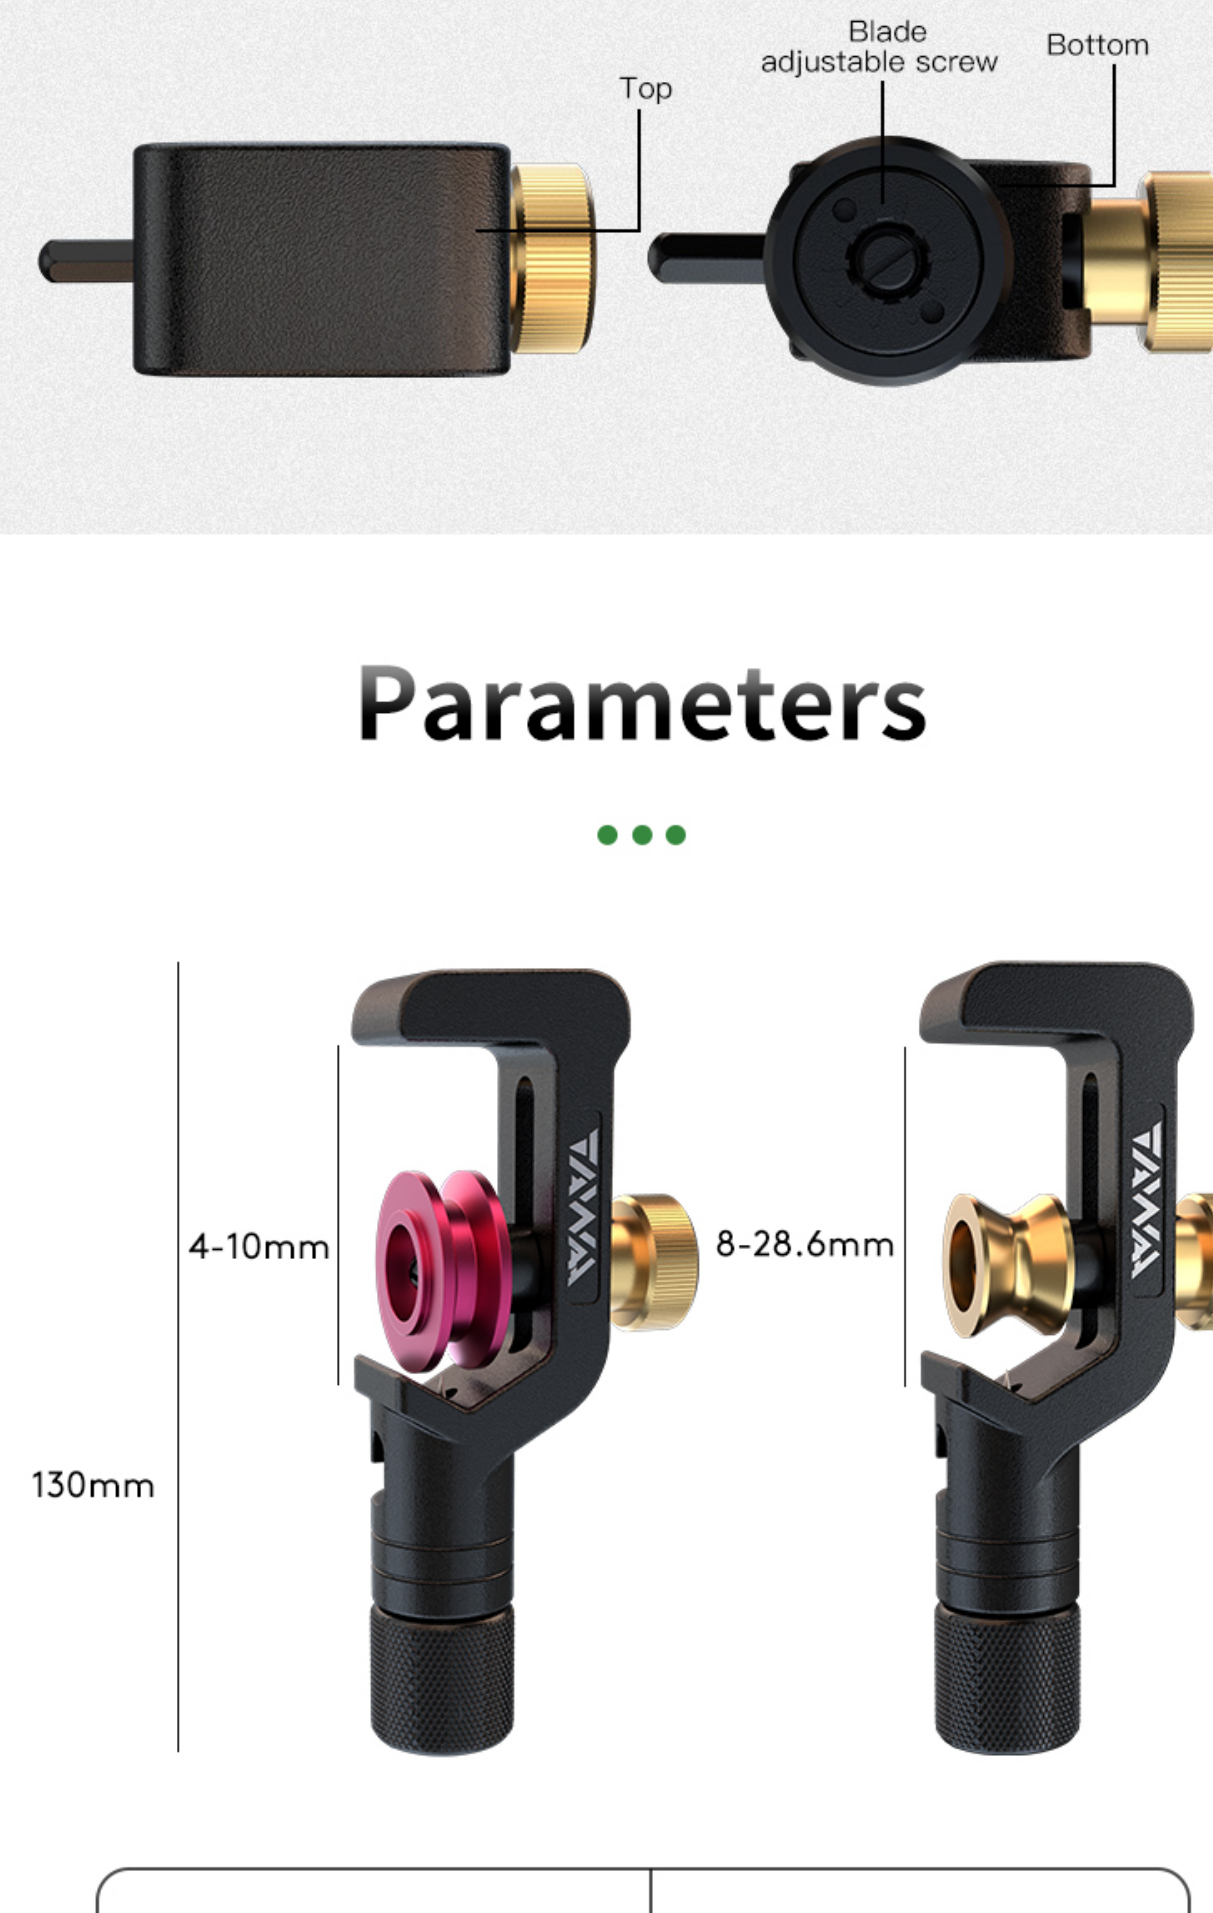

Cable guide wheel improves cable stability

Product parsing

Multi-functional, good quality, trustworthy

Parameters

Name Armored Cable Slitter	Model ACS-1/ACS-2
Cable size 8-28.6mm/4-10mm	Fiber type Armored, aluminum and other optical cables
Blade depth 5.5mm	Weight 280g
